

LOWCOUNTRY YOUTH SERVICES

The Lowcountry Youth Services was established in 2008 and since then, we have served over 700 young men and women and their families. Our mission remains the same, and that is to create and implement programming that will give youth the tools they need to thrive in life.

From 2017 – 2023

1296 Mentees Served & 7208.75 Mentee Attendance Hours

DISTINGUISHED GENTLEMEN'S CLUB

DGC is a mentoring program that has been established to teach and build young men, grade 3rd through 12th, into becoming prominent individuals in their environment. We offer youth an opportunity to create and mold their own unique experiences through our wide range of educational and leadership activities via small-group mentorship and peer cohorts.

QUEENS' BEING

QB is a mentoring program established to teach and build young women, ages 11-18, by providing a positive community of belonging for young women of color. In QB, young women will find their voices, gain skills, develop self-confidence, expand creative expression, explore educational and career pathways, and construct strong bonds within a multigenerational and intercultural community.

GIRLS ON THE RISE

GOTR is the sister program to our YMR program. GOTR is a strengths-based in-school approach to mentorship which is intended to cultivate a social environment that effectively competes with risk-taking norms of young girls (ages 9-14) and better meets their most critical needs for belonging, self-worth, competency, perseverance, purpose, and meaningful identities.

YOUNG MEN RISE

YMR is a strengths-based in-school approach to mentorship intended to cultivate a social environment that effectively competes with young men's risk-taking norms and meets their most critical needs for belonging, self-worth, competency, acceptance, purpose, and meaningful identities. Mentors are assigned to elementary and middle schools to develop young men from 9-13 years old.

YOUNG LEADERS' INSTITUTE

This summer mentorship program aims to give young boys and girls the skills and knowledge they need to succeed in their future educational and professional endeavors. The camp is designed to be engaging and interactive, providing hands-on experiences and opportunities for growth and development. With the support of dedicated mentors, young men, and women can explore their interests and passions in a supportive and encouraging environment.
