our vision **EVERY CHILD WINS**

Life is sometimes challenging, and for some children, it's more complicated than usual. Our group youth development and mentoring programs address the needs of the Berkeley, Charleston, and Dorchester Counties youth. These programs intentionally provide positive role models and teach children various life, social, and problem-solving skills.

Our programs are available to young people from all ethnic, social, and economic backgrounds. It doesn't matter if a child is a straight-A student who happens to be distracted by a traumatic situation at home or has been charged with multiple juvenile offenses and labeled "high-risk." The reality is that every child can benefit from structured support, and every child can win if given the opportunity!

STRATEGIC OBJECTIVES

Introduce young people to positive adults whom they can build relationships with by modeling positive behaviors/attitudes.

Ensure that members can identify positive support systems in their homes, schools and community.

Develop an increased will in youth to improve their community through service.

Create relevant community workshops designed to prepare young people of color aged 12-18 years for adulthood.

REASONS OUR WORK MATTER

AND WHY YOU SHOULD
SUPPORT LYS TODAY

MENTORING...

IMPACTS STUDENTS IN SCHOOL

Students who meet regularly with their mentors are 52% less likely to skip a day of school and 37% less likely to skip a class compared to their peers. (Public/Private Ventures Study of Big Brothers Big Sisters)

REDUCES DRUG/ALCOHOL ABUSE

Youth who meet regularly with their mentors are: 46% less likely than their peers to start using illegal drugs and 27% less likely to start drinking. (Public/Private Ventures study of Big Brothers Big Sisters)

IMPROVES RELATIONSHIPS WITH PARENTS

Mentoring promotes positive social attitudes and relationships. Mentored youth tend to trust their parents more and communicate better with them. (The Role of Risk, 2013)

HELPS WITH DEPRESSION IN YOUTH

A study showed that the strongest benefit from mentoring, and most consistent across risk groups, was a reduction in depressive symptoms. (The Role of Risk, 2013)

INCREASES COLLEGE ENROLLMENT

Young adults who face an opportunity gap but have a mentor are 55% more likely to be enrolled in college than those who did not have a mentor. (The Mentoring Effect, 2014)

OUR PROGRAMS

DISTINGUISHED GENTLEMEN'S CLUB

DGC is a mentoring program that has been established to teach and build young men, grade 3rd through 12th, into becoming prominent individuals in their environment. We offer youth an opportunity to create and mold their own unique experiences through our wide range of educational and leadership activities via small-group mentorship and peer cohorts.

QUEENS' BEING

QB is a mentoring program established to teach and build young women, ages 11-18, by providing a positive community of belonging for young women of color. In QB, young women will find their voices, gain skills, develop self-confidence, expand creative expression, explore educational and career pathways, and construct strong bonds within a multigenerational and intercultural community.

YOUNG MEN RISE

YMR is a strengths-based in-school approach to mentorship intended to cultivate a social environment that effectively competes with young men's risk-taking norms and meets their most critical needs for belonging, self-worth, competency, acceptance, purpose, and meaningful identities. Mentors are assigned to elementary and middle schools to develop young men from 9-13 years old.

GIRLS ON THE RISE

GOTR is the sister program to our YMR program. GOTR is a strengths-based in-school approach to mentorship which is intended to cultivate a social environment that effectively competes with risk-taking norms of young girls (ages 9-14) and better meets their most critical needs for belonging, self-worth, competency, perseverance, purpose, and meaningful identities.

YOUNG LEADERS' INSTITUTE

This summer mentorship program aims to give young boys and girls the skills and knowledge they need to succeed in their future educational and professional endeavors. The camp is designed to be engaging and interactive, providing hands-on experiences and opportunities for growth and development. With the support of dedicated mentors, young men, and women can explore their interests and passions in a supportive and encouraging environment.

TESTIMONIALS

Having Lowcountry Youth Services come and bring Young Men Rise to my school has really had a positive impact on my scholars academically and behaviorally. Mr. Miller really helped my boys out by reinforcing things that I have been instilling in them since the start of the school year. It really does take a village to shape and change the mind of a child so they have an opportunity at a great education. YMR has provided my boys with so many life lesson skills and tools to implement into their everyday lives to one day be a power for good in society. I am really pleased and appreciative of the LYS and mentoring program.

-Bernard Williams, Stono Park Elementary

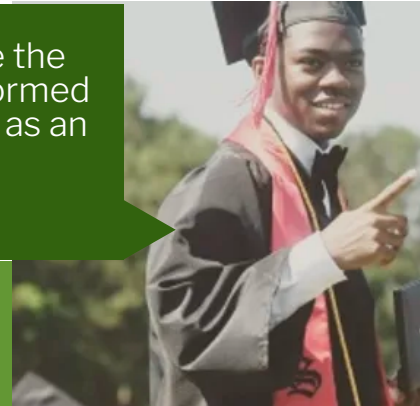

Being a member of DGC helped me to become the man I am today. Thanks to the program, I performed better in school and have more pride in myself as an African American man.

-Tamir Simons, DGC Mentee

My time in DGC has helped me open my circle of people I could trust.

-Zaven Edwards, DGC Mentee

I was being called things by one of the girls, it made me lack self-confidence. I started to stand up for myself and be able to say how I feel.

-GTR Mentee

Without it (LYS) I would've never joined Law Enforcement to help similar boys in my situation.

-Josiah Dixon, DGC Mentee

I like how GTR completely changed me. I was a bit shy but the girls there helped me to be more open.

-GTR Mentee

My oldest son, Octavius, was already a member, so naturally Antonio joined when he became of age. Being a part of this group helped Antonio when he was sick with Crohn's Disease. The love & support he received from the mentors & his brothers helped to keep his spirits up. It was motivation for him to serve as President during his Senior year. He developed a confidence to serve that's carried into adult-hood. I will always be grateful for the consistent support of the mentors of the DGC. Both of my sons are great men.

-Lori Smith, Mother of DGC Alumni Antonio and Octavius Hayes

LYS gave my children and I hope. When we started the program I had no idea the impact that it would have on my family and I. I enrolled all three of my boys in the program and I'm beyond satisfied with the results that we've received. It gave my children a diverse brotherhood and opened them up to experiences that I would have never been able to provide. We met amazing men and woman who have grown to become family. Not only did it mold my boys into young men but it also made me a better woman!

Dennis Green, DGC Mentor

Being a member of DGC taught me to not give up on myself when things were difficult. I will never forget our summer retreats and college tours. During those trips we were able to hang out with our brothers and learn more about being better men.

-Troy Myers, DGC Mentee

SUPPORT LYS

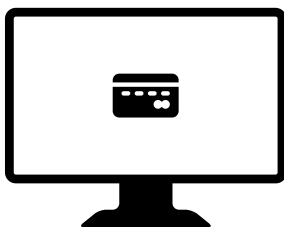

"EVERY CHILD WINS"

As it is with many organizations, demand outweighs resources. The power of your donation can make a difference in the life of a young person. Lowcountry Youth service's programs are funded solely by organizations and individuals like yourself, who believe that the things we do for young people in the community are needed and beneficial. Your pledge provides us with the funds to expand and reach more children throughout the Tri-County area. Your gift will assist with making the difference to increase the chances of success and defying the odds by achieving a high school or college diploma instead of a criminal record. Thank you in advance for considering donating to our program--regardless of the donation size. Your contribution will continue to help us focus on the character, leadership, and social development of our future servant leaders.
